Ultra USB Flash

Introduction

The Ultra series USB flash disk is a universal data storage device. It can also be used with Hikvision OTG data cables to connect with Android phones and other devices that support OTG functions to achieve convenient and fast data transmission. It can also make customized designs such as gifts/functions for customers. The interface can support USB2.0/3.0 to meet customers' requirements for different speed interfaces.

Features

- Solid body
  All metal shell, solid and durable
- Stable and reliable
  It has excellent waterproof, dust-proof, and fall proof characteristics. It is stable when transferring files, and stable when transferring files at a reliable speed.
- Slim and portable
  Small size, easy to carry.
- Wide compatibility
  Support Windows/Mac/Linux system, applicable to multiple scenarios

Ordering Information

Capacity	Model
128GB	HS-USB-S306C 128G U3
256GB	HS-USB-S306C 256G U3
512GB	HS-USB-S306C 512G U3

ℹ️**Note**

Please contact the local sales for detailed model information.

Specification

Model	HS-USB-S306C
Interface	USB3.2
Capacity	128GB/256GB/512GB
Maximum reading speed	500MB/s-560MB/s
Maximum write speed	420MB/s-500MB/s
Operating temperature	-5～55℃
storage temperature	-25~70℃
Size	60*20*10mm
Color	Black
Weigh	17.5g
Warranty	3Years

ℹ️**Note**

1. The maximum speed test condition is based on the empty disk/usb3.0/ATTO test tool. Different hardware and software conditions may cause differences in the test results. The actual reading and writing speed depends on the hardware and software of the connected device and personal usage habits.

Revision History

Version	Description	Date
V1.0.0	S306C Series USB Flash	20221026
V1.0.1	Series name	20230424
