

Elite7S series PSSD

Product Introduction

Elite 7S is a 20Gbps ultra-high performance PSSD, using SMI2320 USB3.2 Gen2*2 single-chip solution, with better compatibility, continuous read and write without slowdown, and transmission performance up to 2000MB/s. Ultra-thin appearance, waterproof Type-C and internal structure optimization, make it up to IPX7 waterproof level. It can be widely used in office study, photography, audio-visual creation, outdoor travel photography, and professional design workers.

Features

- **Large capacity storage**
Supports a maximum of 4TB
- **High speed transmission**
The maximum read/write speed is 2000MB/S
- **Multi-platform compatibility**
Fully compatible with Windows/Mac OS/Linux/Android operating systems.
