

MDC1 Enclosure

Product description

HIKSEMI MDC1 is a USB3.2 portable hard disk enclosure, which can be used with M.2 NVME high-performance solid-state hard disk, supports NVME protocol, and can be widely used in scenarios such as large-capacity data movement and storage.

Feature of product

- Small and portable
Mini and compact, easy to carry
- Efficient heat dissipation
All metal body, strong and durable
- Advanced master
Adopt RealTek RTL9210 master control scheme, support NVME SSD .
- USB3.2 output interface
Using Type -C interface output, it can support up to 10Gbps transmission speed
- Smart sleep
Support intelligent dormancy technology, (10 minutes idle to enter dormancy state), improve the service life of the hard disk.
- Compatible with multiple platforms
Fully compatible with Windows /M ac OS/ Linux / Android operating systems.

Ordering model

model
HS-HUB-MDC1

Please contact your local sales representative for detailed ordering information.

Product specification

model	HS-HUB-MDC1
Master control scheme	Realtek RTL9210
Output Interface	USB 3.2 Gen 2 Type-C
transfer speed	10Gbps
Product Size	112.5*39.5*12.5mm
product weight	Net weight 61.4g , Gross weight 127.6g
product material	Aluminum alloy
Product color	Space gray
System Support	Windows/Mac OS/Linux/ Android
certified	CE
warranty period	1 year limited warranty
Accessories list	A-C&C-C Cable, Thermal Pad, Instructions

New version update
